Online Play Testing!

We are now entering our final play testing phases on Table Top Simulator.

By Christopher MacDonald - October 2023

Hello all,

If you received this Newsletter you were likely a play tester of Heroes of Fantasy board game at GenCon 2022 in the First Exposure Play Test Hall (FEPH). First, we would like to thank you again for taking the

time to sit at our table back in August of 2022.

We would like to let you all know that the game has gone through some changes and come a long way since then. The official game title is now "Drakenvale". We have now commissioned almost all of our artwork and we are in the final stages of play testing. We truly believe the game mechanics have improved significantly since 2022 and we

are now fine tuning and balancing some items to make the game the most enjoyable experience it can be.

We would like to take this opportunity to invite you all again to be a part of our play testing. We have uploaded the game on Table Top Simulator. It is available for download at the following link so long as you own Table Top Simulator (available through the steam store)

If you would like to play test with us online please join our discord community by clicking the following invite link <https://discord.gg/mtJjOdW2> If you don't have discord you can respond to this e-mail and we will try to get you in to a play test with other people.

If you cannot play test online we totally understand but we would also like to invite you to check us out on <https://www.instagram.com/worldwieldergames/> (@worldwieldergames) where we have been updating our art and posting a reels about our game - give us a like and a follow - it would be truly appreciated. Check us out on Facebook also <https://www.facebook.com/profile.php?id=100084404843325> . We would appreciate any support.

Finally, we would like to invite you to check out our website at <https://www.worldwieldergames.com/> where we have updates about the state of our game and a full rulebook uploaded in a PDF on the website for review.

Cheers,

Chris MacDonald
